Two Alienists Kept on Stand All Day by Defense—They Claim Leopold and Loeb Displayed No Abnormality

THEORIES ATTACKED

Money Motive, Says One**

(By the Associated Press.)

Chicago, Aug. 13. — The structure built by the defense in support of its plea for penitentiary sentences for Richard Loeb and Nathan Leopold Jr., kidnapers and murderers of young Robert Franks, was attacked today and bottomed today by the state.

The theory of four alienists for the defense that childish fantasies continuing into young manhood had malign influences, stunted emotional growths and functional disorders of the endocrine glands, blended into a whole of "mental sickness," in each youth were disputed by Dr. Hark-

Tells of Displays of Emotion.

He told of various displays of emotion by both youths and asserted that fantasies or "fair castles or castle in Spain" are highly normal.

Dr. Church testified he found "no mental disease of any nature whatsoever," in either Loeb or Leopold, by examination of them or in reading reports of defense attorneys. He also described emotional disturbances

Attacking the findings of endocrine pathology in Leopold, Dr. Church said the x-ray pictures of the pituitary gland could not be relied upon, as the gland frequently contained a matter known as brain sand, which would indicate on x-ray plates a calcified

condition. It was the contention of Dr. H. S. Hulbert of Chicago, who brought endocrinology, the "chemistry of character," into the hearing, that the pineal governed the other endocrine glands, and that in Leontoid's case the pineal had calcified at the age of 19, whereas it should

not have done so for several years yet. Dr. Church testified that the gland calcified at no special age.

and slaying May 21 of the Frank boy as told to them by Loeb and Leopold. That the \$10,000 ransom demanded from Jacob Franks, father of the murdered boy, actually was part of the motive rather than a detail of Loeb's phantasmic "perfect crime," both doctors testified th

Dr. Patrick went through the "Bowman-Hulbert" report, which the defense mental pathologists used, along with their personal examination of Loeb and Leopold, to base the conclusions of "mental sickness on which the defense hopes to save the youths

The state's efforts to have Dr. Patil's license revoked were not based on the precise pathological conditions noted in the two youths.

"I want to give you all the leeway I can," ruled the judge. "there is no jury here and I'd like to be advised as fully as possible by Mr. Patrick and all the others."

Louis LeTreouquer and several other French political leaders are in London conferring with M. Herriot and the German delegation is of the opinion that these men have induced the French premier to stiffen his policy. As he seems more adamant in his contention that a year's time must be left for the evacuation, then when he returned from Paris on Monday.

During today's conference, the British and Belgians waived their claim to maintain their nationals on the German railways. Agreements also were reached on the amnesty question and on other minor matters.

NEW DRY NAVY ACTIVE AS HOUR OF DUTY APPROACHES

Philadelphia, Aug. 13. — Unusual activity and real cohesiveness of all ranks stirred over a session of the League Island navy yard tonight as the United States coast guard settled down to preparation for its campaign to sweep the rum fleet from the Atlantic.

More than 1,000 of the yard men, working in shifts, closed themselves away, shutting the sleek destroyers, sturdy mine sweepers and speedy coastal patrol boats for the hour when they will put out to sea to establish an official blockade of the coast against the rum runners of the Atlantic.

At 10:30 p. m. the fleet of the yard and shore was hoisted.

NEAR EAST SIDE LYNCHING.

New York, Aug. 13. — Police today said Joseph Stengel, from being shot had been shot Stengel crowd which became infuriated when the man was accused of rape and murder, fired on the police.

Stengel was shot in the back by a member of the crowd. When the police arrived the crowd had dragged Stengel from his home and were trying to obtain from the driver of a truck large wheels to haul the victim.

Stengel's wife was liberated

COOLIDGE CONFINES SELF TO GOVERNMENT WORK

Washington, Aug. 12. — President Coolidge confined himself today exclusively to government business and particularly the agricultural situation. A Republican leaders assembled here preparatory to launching their national committee campaign in the afternoon. The President's inattention to the gathering was his deliberate policy, the President of his speech formally accepting the nomination of the Cleveland convention.

Several of the party chieftains, arriving here today, called at the White House and left their respects with the President's secretary, G. Bascom Simpson. Most of these, including David C. Milne, of Kansas; Rep. Henry C. Steiwer, of Massachusetts; and Senator C. W. McNary, of Oregon, were busy with the party's campaign headquarters, concentrating reports on the outlook for the party in the campaign.

RAIL OFFICIAL DIES

New Orleans, La., Aug. 12. — Edward J. Ford, assistant to the president of the Mississippi Valley, Shreveport & Pacific railroad, died here today. He was 54 years of age. He was president of the Alabama and Virginia railroad, better known as the Virginian route, and one of the country's widely known railroad executives. In the south, died today after a long illness. Mr. Ford was born in 1862 in Kentucky, and, after a long career, he will be taken there for interment.

DEMOCRATS NAME KESSENER

Altoona, Aug. 12. — Albert R. Kessener, president of the Rome Sewing Machine Co., president of the Ohio State Fair, and a member of the Ohio legislature, was today recommended as the Democratic candidate for congress from the 23rd district by the congressional committee of Florida and Hickman counties. Mr. Kessener has accepted the nomination and will oppose Senator F. M.

Millions Made Homeless as River Go Over Banks in Many Chinese Valleys

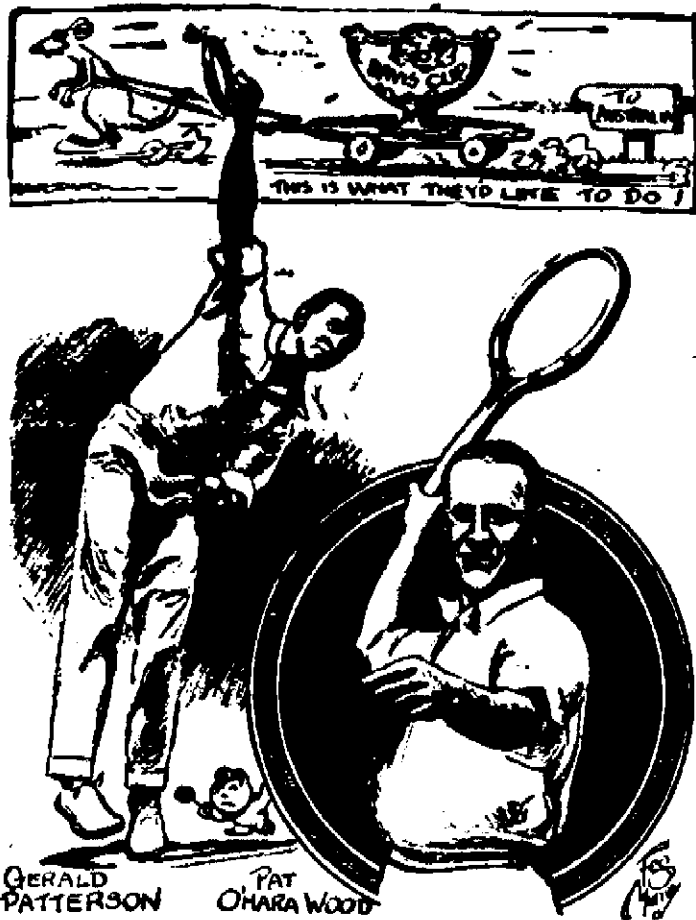

(By the Associated Press)

Shanghai, Aug. 12.—Millions have been rendered homeless and at least 550,000 persons have been swept in devastating floods which are sweeping widespread areas of China, subjecting tens of thousands of villages and thousands of refugees are pouring into Peking. It is impossible to get an accurate estimate of the fatalities, but 50,000 is said to be a conservative estimate.

Unusually devastating floods which are accompanying widespread destruction of property have been reported from various sections of China during the past few weeks. Late in July there were serious inundations in the provinces of Chihbi and Hunan. On Saturday, further floods were reported from Kwangsi and Sinking but it is reported that the loss of life has been up until the time comparatively

A Pair of Pats

By Feg Murray

GERALD PATTERSON PAT OHARA WOOD

Finals in the United States zone of the 1924 Davis Cup tournament start today, and it is interesting to see how the Australian team stacks up. If Norman Brookes plays with his countrymen, his presence will almost make up for the absence of J. O. Anderson, who defeated William Johnston in the first match of the challenge round last year. The two veterans, Gerald Patterson and Pat O'Hara Wood, are a wonderful doubles combination and as fine a pair of tennis players and as good sportsmen as you could ever hope to meet.

Playing on Davis cup teams is old stuff to Patterson, as this makes the fourth time that he has sought after or defended the famous trophy. Only in 1921 and 1922 was he missing, and in 1919 and 1922 his tremendous service and his magnificent volleying carried him to a victory in the Wimbledon world's championship. Gerald is a slim, long player, who bounces his opponents from all over the court, especially overhead, and slips in a skidding chop now and then to make play more interesting.

Pat O'Hara Wood's play is soft in comparison to his famous teammate's, yet it is sound, nevertheless. He and Patterson form one of the finest doubles teams in the world, which they proved more than once in this country in 1922.

CHERRY VALLEY UP NORTH.

Armstrong Camp on Wheels Leaves Monday for Adirondacks.

Cherry Valley, Aug. 13. — The Armstrong camp on wheels left Cherry Valley Monday afternoon for a two weeks' trip through the Adirondacks and northern New York. Several years ago Fred L. Armstrong conceived the idea that the most practical and enjoyable way to spend a vacation would be to have a camp on wheels so you could move from one place to another with little, if any, trouble, and he immediately planned and built such a camp and mounted it on his large Mack truck. It is built in sections and when not in use is removed from the truck and stored away. That it has proved a success is beyond question and is used every year for a two weeks' trip. In this party this year were Mr. and Mrs. Fred L. Armstrong, Miss Margaret Armstrong and friend, Miss Bolton, and Mr. and Mrs. Hubert B. Hetherington.

Road Work Goes On.

The laying of concrete on the Cherry Valley-East Springfield state highway is again in full swing. The gasoline engine on the new mixer proved to be defective in construction and a new engine was brought from Nunda, where the mixer is made, by motor truck and installed Monday. It is claimed that the new mixer will lay 2,000 square feet of concrete per day.

Former Resident Dies in Scotland.

The many friends of Alexander Oliver, who left Cherry Valley about 14 years ago and returned to Scotland, his native country, will be grieved to learn of his death which occurred several weeks ago. Mr. Oliver came to Cherry Valley as a young man and after being employed in several different capacities started in the grocery business and for about 20 years continued in this business successfully. Shortly before leaving Cherry Valley for his native country he sold his grocery business, together with the store building, to Edward C. Fonda, who had been in his employ for several years. The many friends of Mr. Oliver did not think he would remain in his native country long, but return to Cherry Valley to spend his declining years. However, the country of his boyhood days still held its charm and Mr. Oliver remained there until the end.

FALLS FROM MILK PLATFORM

Engineer of Borden Plant at Sidney Center Has Enforced Vacation.

Sidney Center, August 13. — James Butts, engineer in the Borden milk plant, had the misfortune to fall from the milk platform last Wednesday while helping load a car, and injured his right arm so badly that he has been taking an enforced vacation. Rex Wakeman is taking his place in the creamery.

From Sting of a Bee.

William Johnson of Danville, who is working for H. J. Bidwell in haying, was the victim of a peculiar accident last Monday. He was stung by a bee on the back of his neck and his heart was so seriously affected by it that for a time the family feared that death might ensue. All sorts of restoratives and stimulants were administered before the physician arrived and after a time he regained consciousness. It is said that there are persons to whom the sting of a "yellow jacket" is deadly.

Taylor Evangelistic Campaign.

Rev. John A. Taylor began his three weeks' evangelistic campaign this week with meetings in the Chapel Hill schoolhouse. Next Sunday evening the meetings will begin in the Baptist church in this village and continue for two weeks. LOCAL MENTION
—Work on the playing field behind the "big diamond" not being finished there will be no Twilight League game tonight.

—The annual county convention of the American Legion will be held in Cooperstown this afternoon, starting at 4 o'clock.

—The items in this column yesterday relative to services in the First Presbyterian church, was erroneously made to refer to the church in this city. The reference was to the church at Lawrence.

—All electric power was cut off from the city early this morning for nearly an hour, causing no little inconvenience throughout the city and especially at the Star office. Consequently it was impossible to set a part of the news matter which would otherwise have appeared in this issue.

—Mrs. David H. Mills was in charge of the August bridge luncheon which was given at the Country club yesterday and the occasion proved a most delightful one to the 48 guests who attended. The first prize was won by Mrs. Henry Hart, the second by Mrs. Charles F. Shelland and the third by Mrs. Benjamin Packer.

—Fourteen members were present yesterday at the picnic given at Good-year lake by the Y. M. C. A. auxiliary. The party motored to the lake in the morning where they enjoyed swimming and a delightful picnic dinner, returning to the city at about 5:30. The hostesses for the occasion were: Mrs. Lewis Murdoch, Mrs. I. H. Westcott, and Mrs. Harry J. Deuel.

—Rev. P. M. Luther of the Lutheran church leaves this morning on a two weeks' vacation. He will be accompanied by his family and will visit Kingston, Hudson, Claverack and Athens, returning via Albany to Schoharie, the former home of Mrs. Luther. The last week will be spent at the Hartwick Summer assembly, which begins August 25. Preaching services in the Oneonta Lutheran church begin August 31.

Meetings Today.
All members of the kindergarten and cradle roll of the First Methodist Episcopal Sunday school with their mothers are invited to attend a party on the church lawn tomorrow, Friday, from 2 to 5 p. m. If stormy the party will be held in the church parlors.

There will be a meeting of Oneonta Aerie, No. 1260, this evening at 8 o'clock in F. O. E. hall on top floor over No. 10 Deits street, next to Dibble's garage.

Special meeting of Sergeant Elbert N. Patten post, Veterans of Foreign Wars, will be held in the armory this evening at 7:30 o'clock for the purpose of initiating any members who have been balloted on to become members of the post. Those who have been approved to become members and who have not yet been mustered into the order must appear at this meeting in order to have their names included as charter members.

Meeting Friday.
The Past Matrons club, O. E. S., will meet at the home of Mrs. I. E. Foster, 60 Elm street, Friday afternoon and evening. Supper 5:30.

Upon the opening of Pratt's garage in Bainbridge, the Woman's club in that village will hold a big dance and card party, on August 15 at 9 p. m., to which the public is most cordially invited. The Melody Boys of Bainbridge will furnish the music and there will be prizes, balloons and various fun-makers. Admission is only 50 cents. advt 11

ELMIRA COLONELS TODAY

Schenectady Schoolboy at Neahwa Park with Leo Hanley's Outfit—First Game at 2 p. m. and Second at 4.

Elmira, piloted by Leo Hanley, who has played many a ball game at Neahwa park as a member of the famous Knickerbocker team, opens a series in Oneonta today with a doubleheader, the first game to be played at 2 p. m. and the second at 4. With Bud Hodge and Victor both ready for hard combat, Manager Roy Thomas is hopeful of taking both games from the Colonels.

Oneonta opened its league career against Elmira last week. In the opening fray Elmira defeated the Giants, 5 to 4, in 13 innings. On the next day the giants walloped the Colonels 14 to 0 and in Sunday's double-header Elmira came back with two wins, both by scanty margins. After the good showing made against the league leading Williamsport Grays the Giants are confident that they can take the Colonels into camp.

Leo Hanley is playing good ball these days and should prove a good drawing card. Every brother of the famous Johnny, is the Elmira second sacker, and is one of the best infielders in the league.

The large crowd yesterday saw two excellent games and it is expected that just as good ball will be played this afternoon. The fact that Hodge will surely pitch one of the games is certain to draw a goodly number of admirers from his hometown, Cobleskill, and delegations from other vicinity towns are expected.

BIG ITALIAN CELEBRATION.

Interesting Program at Neahwa Park on Friday Evening.

A varied and interesting program has been planned for the Italian celebration which is to be held at Neahwa park on Friday evening from 7 until 11 o'clock. Beginning promptly at 7 and lasting until 11 o'clock, Company G band will give a delightful informal program. One of the features of the evening's entertainment will be the big display of fireworks by the Imperial Fireworks company of Schenectady. This part of the program promising to be one of unusual beauty since fully \$600 worth of fireworks will be used. A number of athletic events have been arranged, for each one of which a number of handsome prizes will be awarded, as follows:

The committee in charge of the entertainment are: Andrew Sabotini, Raffaele Micaroni, J. Isabella, Raffaele Matalon.

McKean in State Golf Tourney.
S. E. McKean of this city turned in an 88 yesterday in the qualifying round of the State Golf tournament which opened at the Orchard Park course, Buffalo. Thirty-two men were qualified, but The Star was unable to ascertain, after inquiry from Buffalo papers, whether or not McKean was in that number.

However, the card of 88 is conclusive evidence that McKean is in the number.

ones, McKean making his first three rounds in 78-77 and 77, with a low ball of 70.

R. H. Jones, Jr., of the Westchester-Biltmore club, has the low qualifying score of 72, while J. F. Deller, Jr., of Rochester, and W. A. Gardner of the Buffalo Country club were tied at 75, the next best score.

Match play will begin today.

Home Bureau Picnic.
The Plains Home bureau held an enjoyable picnic yesterday at Neahwa park, over 30 members being present for the occasion. In addition to the picnic dinner and other pleasures of the day an interesting lesson in basketry was given by Mrs. Goble, who also displayed a number of beautifully made baskets. Miss Alice Roserman, the county agent, outlined the program for the year, which will include the following projects: Basketry, civics, home management and recreation. The basketry classes will be attended by both the Plains and the South Side bureaus.

SCIENCE OF ILLUMINATION

Prof. Howard Lyon, Formerly Instructor in Oneonta State Normal, Addressed Elmira Club Yesterday.

At the weekly luncheon of the Kiwanis club yesterday the members were greatly entertained by a talk by Prof. Howard Lyon of Oneonta, N. Y., who was formerly the expert instructor in science in the Oneonta Normal school and is now a scientific chemist with the Welch company.

The speaker traced the changes in the methods of lighting from the low candle to the improved tungsten of today. A little over a hundred years ago gas in pipes was distributed to a house or two, burning open flame. As the laws of combination with air was not understood the danger of explosion was great. Next the kerosene lamp came into use.

About 40 years ago came the Welch mantle invented by Dr. Carl Auer of Vienna who in recognition of the discovery was created Baron of Welchbach. This was one of the most remarkable discoveries of the ages. The use of thorium reduced the demand for radium, so that a greater amount of the latter can be used for therapeutic purposes. The production of thorium was of such interest to Miss Cure on her visit to America that she canceled engagements to allow her a half day's observation in the laboratories of the Welch company. This element is used in the illumination of clock and watch dials.

Fifteen years ago there was another advance when it was discovered that tungsten can be drawn into wire. The use of tungsten was not looked upon with favor by the manufacturers as only one-third the amount of electricity was required. It was found that because the cost was only one-third everyone wanted more than three times as much light as before. It is often asked if it will be in the future as have already been made. It is probable that many of the contrivances now in use will become as archaic as the tallow candle. There have been great strides in various branches of science. Radio communication and long distance telephones are accepted as commonplace. The experiments of Langley were ridiculed and he was considered crazy, but now flying in the air is commonplace and will become the usual means of travel.

The interesting talk was very gratifying and instructive and was greatly appreciated by all present.

Other guests at the luncheon were Homer J. Rogers of West Palm Beach, Fla., and Garre D. Rogers of this city.

A resolution was adopted, expressing the sympathy and best wishes of the club to Kiwanian John W. Flynn, who has been ill for some days.

A committee consisting of W. F. Eggleston, R. E. Brigham and H. M. Goldsmith was appointed by Vice President D. H. Grant to arrange for the attendance of as large a number as possible at the state convention in Buffalo next month.

On August 27, Mrs. Douglas Robinson, a sister of Theodore Roosevelt, will speak on "The Americanism of Theodore Roosevelt."

Trinkino Hearing August 21.

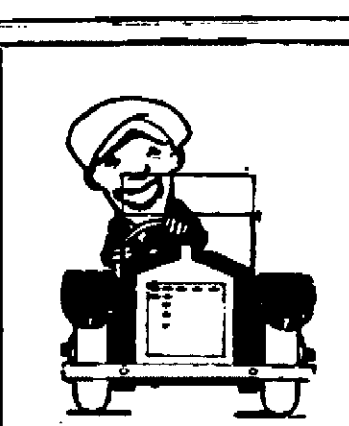

Central hotel at Milford, where United States Internal revenue officers allege that they found a quart bottle containing one ounce of whiskey and a quantity of cider on Friday last, will have a hearing before United States Commissioner Arthur Seybold on August 21. Mr. Trinkino states that he has not been selling whiskey or other intoxicating liquors and if a bottle containing whiskey was on his premises it had been left there without his knowledge. He further says that the cider was taken from a barrel in the cellar and was older one year old which he had been keeping for vinegar.

Edmeston vs. Sherrill Saturday.
Saturday will be known as John Smith day at West Winfield Memorial park when Edmeston and Sherrill will oppose each other to play off a 1-1 series of ball games. Sherrill won the first by a score of 3-2 and Edmeston the second 2-5. A close game seems assured.

GREAT FORESTRY MEET

Principal Forester at Northfield Today Will be Col. Grevelly, Chief United States Forester.

More than the ordinary amount of local interest should attach to the Forestry and Planting symposium to be held at Pine Grove camp, Northfield, Delaware county, today, August 14. The picnic is held under the auspices of the Delaware County Farm Bureau Forestry committee in cooperation with the New York State Conservation commission and the College of Forestry, Cornell university. To get to Pine Grove from Oneonta, go over the hill to Franklin, turn at the sign and follow the arrow. Everybody is invited, especially those interested in forestry.

The program opens at 11 o'clock with the address by Col. DuMont, chairman of the Delaware County Forestry committee, on "Planting at Pine Grove," followed by G. H. Colinswood, extension forester, U. S. Department of Agriculture, on "Forestry Opportunities in New York," and C. E. Patten, superintendent of State Forests, on "How the State is Helping in Reforestation."

Basket lunch at noon with community singing led by Walter More of Walton and a solo by J. R. Easmons, secretary-treasurer, New York State Forestry association.

The afternoon session will open with an address by Dean Moon of the State College of Forestry at Syracuse university. At 1:30 o'clock the Hon. John D. Clarke, member of congress from this district, will speak on the Clarke-McNary bill and the address of the day will be given by Col. William B. Greeley, chief forester of the U. S. Department of Agriculture, who will speak on the subject, "The National Scope of Forestry."

Alumni Friend of Dr. Tarbox.

Dr. Hugh Tulliot Patrick of Chicago, the eminent allergist who was on the witness stand yesterday in regard to the sanity of Leach and Leopold, is an intimate and almost life long friend of Dr. A. C. Tarbox of this city.

For a year and a half when in medical college and hospital training in New York city, Dr. Patrick and Dr. Tarbox shared the same room, studied, walked and played baseball together, some years since Dr. Patrick was for several days a guest of Dr. and Mrs. Tarbox at their home on Ford avenue, and may possibly be remembered by some citizens who met him at that time. Although noted in this country and abroad as an expert allergist as well as reliable author of medical subjects, and having held high positions of honor in medical fraternities, Dr. Patrick is affable and of genial personality and is utterly devoid of ostentation.

At Open Car Cost ESSEX COACH

Built by Hudson

Genuine Balloon Tires

Standard Equipment

The outstanding buying choice this year is "Closed Car Comforts at Open Car Cost." The Coach alone provides them. It is exclusive to Hudson and Essex. Everyone knows it gives highest closed car value. And because no other type or car shares its position it is the largest selling 6-cylinder closed car in the world.

Genuine Balloon Tires Enhance World's Greatest Value

Naturally when balloon tires had established their superiority Hudson and Essex would adopt them. They are now standard equipment. They add an even greater measure of riding ease, steadiness and good looks to the notable value of the Coach.

In workmanship, materials and design both Hudson and Essex are of one quality—built in the same factories, under the same patents. Your choice between them will rest solely on the price you want to pay.
